SAFETY AS A PRIORITY

## Shifting gears and changing lanes with authority

No matter where your journey takes you and no matter the driving conditions, the new Nissan MAGNITE is designed with the latest on-road safety technology to get you there with confidence.

### VEHICLE DYNAMIC CONTROL

Equipped with Vehicle Dynamic Control (VDC), the all-new Nissan MAGNITE takes instant control when the road takes an unexpected turn.

### ANTI-LOCK BRAKING SYSTEM (ABS) WITH ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)

Intuitive safety systems which intervene under extreme braking conditions in unforeseen situations.

### TRACTION CONTROL

MAGNITE'S Traction Control System (TCS) applies maximum control in situations where grip can easily be lost. Handle loose sand and slippery wet roads with ease.

### HILL START ASSIST

In the all-new Nissan MAGNITE there's never an uphill battle. Hill Start Assist (HSA) ensures your climb to the top is steady and sure, without any roll-back.

**Nissan's commitment to quality:** To provide all customers with a consistently high level of quality, Nissan applies the same standards worldwide, to ensure that all Nissan owners enjoy peace of mind for the lives of their vehicles. The approach is based on quality from the customer's perspective on three key elements: First, the expectation of a smooth driving experience with complete peace of mind. Second, the intangible appeal of a vehicle, its power to captivate and excite, with features that capture attention and imagination. Third, the level of attentiveness and service during the sales process, and long after the sale is concluded.
